TODD  WHITE

## THE SUMMER 2023 COLLECTION

Internationally acclaimed US artist Todd White has a witty and irreverent take on lifestyle, body language and expressions that has made him one of the world's most sought-after contemporary artists. His new collection of solo studies and groups of scantily clad women is classic Todd White; the vibrant colours, bold patterns, and skilled execution give these figures a character that is instantly recognisable as White's celebrated style.

## LIMITED EDITION

The bright colours, and swirling patterns bring a touch of the psychedelic to this sexy seaside tableau, which combines with the ultra-curvaceous figures to give Beach Blankets a 1960s feel.
